

MUKKESH S

Data Analyst

8925999059 — mukkeshsenthil06@gmail.com — LinkedIn — GitHub — LeetCode

EDUCATION

Sri Shakthi Institute of Engineering and Technology, Coimbatore

2023 – 2027

B.Tech – Artificial Intelligence and Data Science

CGPA: 8.04

Kamaraj Matriculation Higher Secondary School

2023

Higher Secondary

Percentage: 85%

SKILLS

Programming Languages: Python, SQL

Data Analysis: Pandas, Matplotlib, Seaborn, Power BI

Tools: Git, GitHub

Core Concepts: Data Cleaning, EDA, Dashboard Creation, Business Insights

AREAS OF INTEREST

- Data Analysis
- Working with Data
- Business Intelligence

PROJECTS

Supermarket Sales Analysis

Data Analysis

Tools: Power BI

- Performed data cleaning and exploratory data analysis.
- Built interactive dashboards to visualize sales trends.
- Generated insights to support business decisions.

Employee Attrition Analysis

Data Analysis

Tools: Power BI

- Analysed employee data to identify attrition causes.
- Created dashboards by department, salary and experience.
- Suggested strategies to improve retention.

Customer Churn Analysis

Data Analysis

Tools: Power BI

- Examined customer behaviour to detect churn factors.
- Developed KPI dashboards to monitor churn rate.
- Recommended strategies to reduce customer loss.

CERTIFICATIONS

- Git and GitHub for Beginners – Infosys Springboard
- TensorFlow in Python – Infosys Springboard

ACHIEVEMENTS

- Solved 100+ problems on LeetCode.
- Practicing Data Structures and Algorithms regularly.
